

Pack 4 — Consonant Blends

6 sheets covering L-blends, R-blends, and S-blends. Fill in the missing blend from the word bank, then read and write each word again.

Name: _____

Date: _____

How to use this worksheet

- 1 Read the word bank at the top of the page — those are today's blends.
- 2 For each word, write the missing initial blend on the blank.
- 3 In the second section, read each word out loud and write it again on the line.

Example — this is what a correct answer looks like:

fl - ag -> **f**lag

Tip

One sheet per blend group, after that group has been introduced — see the consonant-blends-list guide for the full list.
