

Pack 3 — Digraph Sorting

4 sheets (ch, sh, th, ng). Fill in the missing digraph, then cut out the word cards and sort them.

Name: _____

Date: _____

How to use this worksheet

- 1 Read each word with the digraph missing, and write the digraph in the blank.
- 2 Cut out the 8 word cards at the bottom of the page (dashed border).
- 3 Sort the cut-out cards into the two labeled zones.
- 4 Read each sorted word out loud one more time.

Example — this is what a correct answer looks like:

ch - ip -> chip

Tip

Use during the 6-week digraph plan — one sheet per digraph, after 3 days of oral practice with that sound.

CH — Digraph Sorting

Fill in the missing digraph, then cut and sort the cards below.

ip

in

mu

lun

at

op

su

ben

Cut out these cards:

chip

chat

chin

chop

much

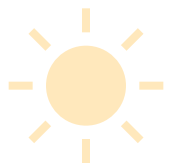

such

lunch

bench

ch at the START

ch at the END

SH — Digraph Sorting

Fill in the missing digraph, then cut and sort the cards below.

ip

ed

fi

di

op

ell

wa

ru
