

R-Blends — Write & Read

Every r-blends from the consonant-blends-list guide — each consonant keeps its own sound, unlike a digraph. One page per blend.

Name: _____

Date: _____

How to use this worksheet

- 1 Some words are split into two red chunks (like bl - ack) — say each chunk out loud, then blend them together into one word.
- 2 Unlike a digraph, you can hear each consonant in the blend — don't merge them into one new sound.
- 3 Write the complete blended word on the blank line.
- 4 Check your spelling against the printed word once you're done.

Example — this is what a correct answer looks like:

br - **ag** -> **brag**

Tip

Drill one blend column per week — after 6 weeks your child will have every common initial blend from this group solid.
